

# SLAVIC VILLAGE

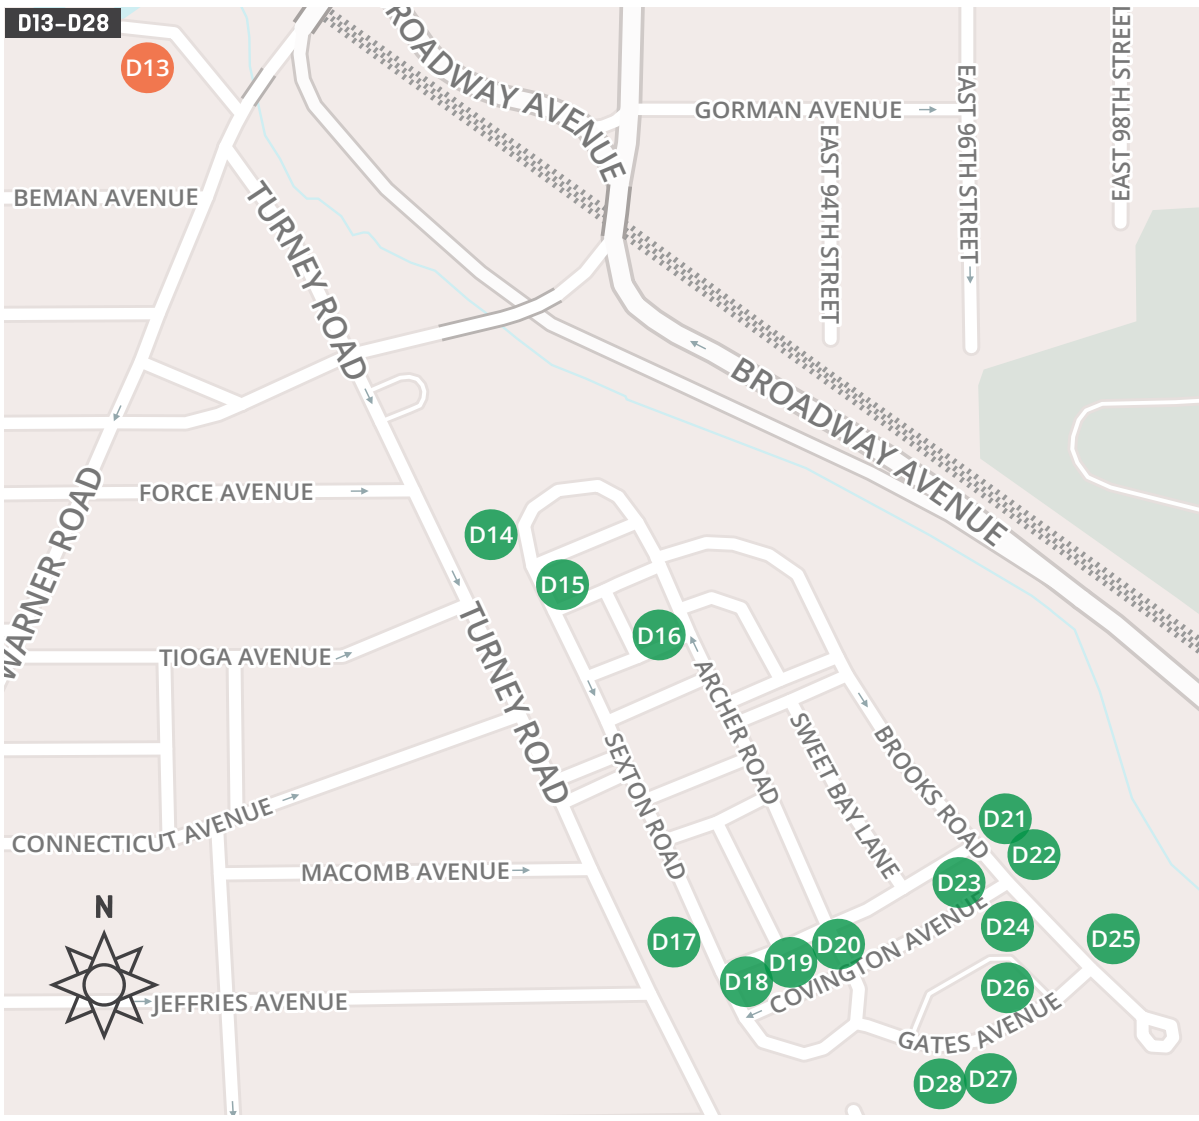

From the annual Polish Constitution Day Parade to the Slavic Village Pierogi Dash 5k, Slavic Village celebrates its rich, ethnic history while embracing a new active lifestyle that is attractive to today's city-dwellers. Home to Trailside at Morgana Run, the newest planned community in the City of Cleveland, and the Mill Creek Falls neighborhood, one of the largest single-family housing development projects built in the City of Cleveland in more than 50 years, Slavic Village is a perfect choice for active families who want to enjoy urban living in a newly constructed, single-family home.
