GardenWalk

Welcome to GardenWalk Cleveland 2020!

While walking by my neighbor's tiny front yard in Broadway Slavic Village, I admired his vegetable plot. With a bright face and a huge smile he said "Yes, and if I get anything to eat from it, that will be an added bonus!"

The joy we get from growing something is why we garden, and we are so glad to be able to share our joy and gardens with you this year. We hope you will be delighted with what you see. From the aspirational, eccentric, whimsical, and artistic to the workhorse vegetable gardens and historic 40+ year traditional designs, you'll see these and more, including new gardens and projects. We are proud of what we have accomplished and hope that you will be inspired, learn a little, share a little, and have a fun day in our neighborhoods and gardens!

Please be sure to wear a mask and follow other safety measures.
