

FAIRFAX

Saturday

Fairfax has a rich cultural history as one of Cleveland’s historically black neighborhoods and is the origin community of Langston Hughes, Jesse Owens, Dorothy Dandridge, Bobby Womack and other notable sources of cultural inspiration. Fairfax is also home to Karamu House, the nation’s first inter-racial theater and arts center, as well as numerous historically black churches located in historic buildings.

GardenWalk gives residents an opportunity to showcase their investments in urban sustainability, home renovations and community pride. Currently underway between Cedar & Quincy Avenues, Innovation Square is a mixed-use, mixed-income development of 500+ new housing units and commercial spaces available for lease. Through Knez Homes, home buyers can build new homes within easy walking distance of Cleveland Clinic.

In addition to private home gardens lovingly tended on E. 97th and E. 84th Streets, GardenWalk visitors will be able to stroll along a designated Fairfax Walk that highlights notable community green spaces.

Urban Homestead & Memorial Garden, 2229 E 97 St

Welcome to GardenWalk Cleveland 2020!

While walking by my neighbor's tiny front yard in Broadway Slavic Village, I admired his vegetable plot. With a bright face and a huge smile he said "Yes, and if I get anything to eat from it, that will be an added bonus!"

The joy we get from growing something is why we garden, and we are so glad to be able to share our joy and gardens with you this year. We hope you will be delighted with what you see. From the aspirational, eccentric, whimsical, and artistic to the workhorse vegetable gardens and historic 40+ year traditional designs, you'll see these and more, including new gardens and projects. We are proud of what we have accomplished and hope that you will be inspired, learn a little, share a little, and have a fun day in our neighborhoods and gardens!

Please be sure to wear a mask and follow other safety measures.
