

LITTLE ITALY

I Information Station

Little Italy Redevelopment Corporation
12010 Mayfield Rd

One of the city's most enduring historic neighborhoods, Little Italy began as a community of Italian stone masons for Lake View Cemetery. Little Italy continues to celebrate its Italian heritage and is the home of culinary artists and fine Italian restaurants, and for artists and artisans of fabric, paper, ceramics, glass and paintings. The neighborhood offers diverse housing (and gardening) options for families, empty nesters and those from nearby hospitals, universities and cultural institutions in its one square mile area. Little Italy has plants, fig trees and grape arbors brought from the old country, art and sculptures, plenty of vegetables and herbs, and many, many creative uses of plant-filled pots.

Parking is no problem! Little Italy is easy to access by car, RTA, shuttle, or bicycle. In addition to a parking lot at E. 119th & Mayfield (parkmobile.com), there are RTA stops at Mayfield Rd and at Cedar Rd. The universitycircle.org website has info on stops for the free University Circle Shuttle and more on its 'getting around and parking' page. Or use UHBikes.com to rent a bike to tour Little Italy gardens.

Welcome to GardenWalk Cleveland 2020!

While walking by my neighbor's tiny front yard in Broadway Slavic Village, I admired his vegetable plot. With a bright face and a huge smile he said "Yes, and if I get anything to eat from it, that will be an added bonus!"

The joy we get from growing something is why we garden, and we are so glad to be able to share our joy and gardens with you this year. We hope you will be delighted with what you see. From the aspirational, eccentric, whimsical, and artistic to the workhorse vegetable gardens and historic 40+ year traditional designs, you'll see these and more, including new gardens and projects. We are proud of what we have accomplished and hope that you will be inspired, learn a little, share a little, and have a fun day in our neighborhoods and gardens!

Please be sure to wear a mask and follow other safety measures.
