

Situated along the Towpath Trail and just minutes from Downtown Cleveland, the neighborhoods of Tremont and Duck Island, are where visitors mingle seamlessly with residents, business owners, artists and entrepreneurs. Tremont is one of Cleveland's oldest neighborhoods with a rich history dating back to the early 1800s. Today the neighborhood is known for its award-winning restaurants, lively art scene, boutique shops, scenic churches, and fun-filled events. Duck Island is the neighborhood between Tremont and Ohio City and home to the oldest beer garden in Cleveland, Forest City Brewery.

Edible Landscaping. We have plum, cherry, peach, apple, and fig trees. Also sage, blueberries, raspberries, wild arugula, hardy kiwi on a trellis, carrots and tomatoes. Ostrich ferns (fiddleheads) grow in the shade. Our plan this year is to convert a test portion of our tree lawn grass to woolly thyme.

My garden has evolved organically in the 20 years I've lived in my home. From a yard that didn't have a single tree, shrub or bloom, to what you see today. It has been a lesson in perseverance and patience and I've loved every minute of it! Spend some time in the garden house.

Annuals, perennials and houseplants, along with salvaged materials, provide a colorful view from the street and a hidden retreat in the back.
- 18 1193 Holmden Ave**
My garden is a mix of perennial flowering and food bearing plants and shrubs. There are shade gardens in front and right behind the house beneath stately trees. On the back patio I keep some potted tomato and pepper plants. Beyond the shade, there is a large sun garden area to explore as well.
